

PEOPLE TALK 03-28

28 Aug 03

1. 2004 Slate Update: We are in the process of completing most of the formal slating. We will be publishing 2004 LCDR/CDR/CAPT assignments as soon as decisions are finally approved. We will keep you posted as slating develops, and will be contacting individual officers with final decisions before publishing any announcements.

Summary of changes since 8 August 2003:

ADDED: None

DELETED/CHANGED: None

2. Selection Boards: The release process for selection boards can be tracked at: <http://www.persnet.navy.mil/selectbd/index.html> on the NPC website. If you go to your particular board (e.g. O-4 Staff) and follow through to Release Process and click on the board date, you will be able to track the status of the board results and release process.

3. JAG CORPS TRAINING SYMPOSIUM: The JAG Corps Detailers (CAPT Jon Fink, LCDR Jim Protin, and LCDR Caren McCurdy) will be available during the JCTS to meet individually with anyone wishing to discuss "Detailing" issues.

Please call YN3 Tate at DSN 882-4086/commercial 901-874-40863 or email him at Deavon.Tate@navy.mil <<mailto:Deavon.Tate@navy.mil>> to schedule a time to meet one-on-one with your Detailer.

4. JAGC O-3 Promotions Update: As of 22 August 2003, the Lieutenant Promotion list was still being reviewed by SECNAV, who is currently awaiting a memorandum of adverse information. Once the memorandum is checked against the current list, it will be forwarded to OSD for a final scrub, before any release of an ALNAV announcing selections. This ALNAV will be followed by a subsequent message that will authorize promotions. All officers will receive retroactive pay to the date at which they were originally to have been promoted. Please contact LT Passerello if you have any questions or concerns regarding this matter.

5. "Stern Wave" Information: Recently, we have put out that NPC is "stern waving" or bringing some FY04 moves back into FY03. That means some FY04 moves (after 1 October 2003) will be modified to reflect a detachment before that date to allow us to use FY03 money. Officers affected by this process should already have been notified. The plan is to I-Stop (intermediate stop) those affected officers back to their command until they physically move out of the area to their ultimate duty station. NPC has put out some information concerning the financial ramifications of detaching individuals and I-Stopping them back to their commands on a long term basis. Although your Detailer will be discussing any potential financial issues that may affect you during this move, the below information is provided to generally address most every situation.

- **CONUS to CONUS Moves:**
 - This will not affect BAH; BAH rates are not adjusted until an officer checks into his or her new command, unless the officer checks into a BOQ. They will lose BAH at that time. If an officer draws CONUS COLA, they must submit a request per the instructions below (See **).
 - **CONUS to OUTCONUS Moves:**
 - This will not affect BAH; BAH rates are not adjusted until an officer checks into his or her new command, unless the officer checks into a BOQ. They will lose BAH at that time.
 - **OUTCONUS to CONUS/OUTCONUS Moves (WITHOUT family members):**
 - Unaccompanied officers are not eligible for OHA/COLA once they have detached.
 - **OUTCONUS to CONUS/OUTCONUS Moves (WITH family members):**
 - If the member moves his/her family to his/her to the next duty station while remaining at the previous command, **he or she loses eligibility for COLA and OHA.**
 - OHA and COLA will stop the day before the detachment date of the officer. However for those with family members, the stop date can be extended to cover the actual date that the officer and the family leave the area.
- ** In order to receive OHA & COLA, the following conditions must be met:**
- For an intermediate stop period of 60 days or less, you may draw COLA & OHA after submitting a request to, and receiving approval from, your Commanding Officer.
 - For intermediate stop periods of greater than 60 days, they may draw it by submitting a request to NPC (PERS 454C) ASAP for approval. Send your request to NPC Pers 454C via the Pers 4416 Detailers. Detailers will bring them down to Pers-454C to facilitate approval. See sample letter attached.
